

SITUATION SUMMARY

Lassen Earthquake Swarm (New/Final)

California Volcano Observatory is tracking an earthquake swarm located at the Tehama County-Plumas County border within Lassen National Forest. The swarm is about 24 km WNW of the town of Chester and about 1 mile south of the Lassen Volcanic National Park boundary near the Twin Meadows Trail at Patricia Lake. Since the start of the swarm on November 9, about 50 earthquakes at or above magnitude M1.0 have been detected. A magnitude M3.86 earthquake at about 12:30 AM today (Nov 11) was the largest event to date. Ground deformation indicative of volcanic unrest has not been detected by nearby GPS receivers. Although the swarm poses no immediate threat, it is possible that the shaking may produce spontaneous changes in nearby hydrothermal features, especially at the nearby Growler Hot Springs located about 1 km to the SW of swarm area.

Weather of Concern

No significant Weather Watches or Warnings are in effect.

Active Weather Warnings, Watches and Advisories: http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

Cal EOC Incident - 2014 Drought

• SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

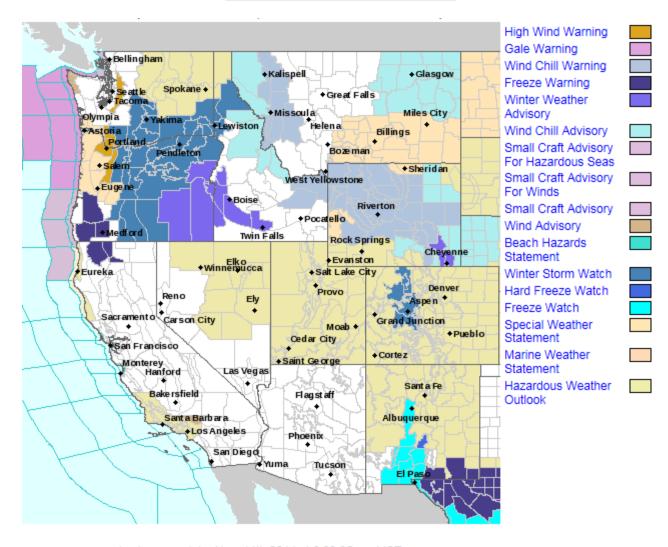

A high pressure ridge near the coast today will move slowly east on Wednesday. Strong low pressure over the Northern Plains will continue the cool northwesterly flow aloft over the northern California, with locally gusty northeast surface winds in wind-prone areas through Wednesday morning. Another strong low pressure system in the Gulf of Alaska will push a cold front toward the coast during the next couple days. The front will move onshore with scattered light rain Wednesday night as the high pressure ridge reaches northeastern California. Scattered light to moderate rain will spread over the northern California Thursday, with snow levels at 6000 feet or more. High pressure will move back in Friday through midday Saturday, but another system will bring light rain to far northwest California by late Saturday. Light rain will continue there on Sunday with snow levels above 7000 feet. The system will spread inland Monday with scattered light to moderate rain, and snow levels will drop to 5500-6500 feet.

SOUTHERN CALIFORNIA:

Weak high pressure will remain over the area today and Wednesday with daytime highs climbing into the 60's in the mountains, 60's and 70's in the inland valleys, and in the 80s across the southern and eastern deserts. The marine layer will deepen along the coast with widespread low clouds, fog, and patchy drizzle spreading into the coastal slopes during the night and morning hours through at least mid-week. Gusty westerly afternoon and evening winds of 15 to 30 mph will continue through the Banning Pass, the Antelope Valley, and the Tehachapi Range through Wednesday. A weak trough will move across the region Thursday and Friday which will help to keep temperatures below normal throughout the area. A few light showers will be possible over the northern portions of the Geographic Area, north of a line from Monterey to Yosemite Thursday morning, but otherwise it will stay dry. The marine layer will decrease along the central coast by Thursday, but it will likely continue to generate areas of low clouds and fog south of Point Conception. Breezy northwest to north winds will follow the trough later Thursday into Friday. These winds will be most prevalent across the Owens Valley and the central coast region with speeds in the 15-25 mph range. There will also be gusty northerly winds across the Santa Ynez Mountains Friday night into Saturday morning. High pressure will strengthen along the West Coast this weekend for a return of warmer and drier weather. Light offshore flow will prevail at the surface with temperatures warming to 5-10 degrees above normal across the inland areas by Sunday and Monday with a shallow marine layer along the coast.

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Recovery Activities

- On 10/01/14, the U.S. Small Business Administration (SBA) approved a disaster declaration making SBA assistance available in the primary County of Siskiyou and the contiguous counties of Del Norte, Humboldt, Modoc, Shasta, and Trinity, making low-interest federal disaster loans available to homeowners, renters, businesses of all sizes and private nonprofit organizations whose property was damaged or destroyed by the Boles Fire. The filing deadline to return applications for property damage is 12/01/14. The deadline to return economic injury applications is 07/01/15.
- On 10/06/14, the Governor issued Executive Order (EO) B-27-14, which provides CDAA, and debris removal assistance, including the suspension of rules and regulations impacting debris removal. The EO also provides the ability for nonprofit organizations to seek reimbursement for extraordinary activities through the State Private Nonprofit Organizations Assistance Program. The VAL is working with nonprofit organizations on seeking reimbursement.
- The Cal OES VAL continues to coordinate and participate in Long Term Recovery Group (LTRG) meetings with NGO, Faith Based, and local agencies. Shasta Community Foundation was identified as a fiscal agent for the group. Individuals needing assistance should be directed to the Family & Community Resource Center of Weed located at 260 Main Street, Weed. Funding organizations will assist with unmet needs through the case management process. The VAL continues to work with the Weed LTRG in identifying resources and gaps in services.
- The VAL participated in a meeting with the CA Human Development agency and the Great Northern Services to discuss potential use of drought funding to assist fire survivors with rental and utility payments. Great Northern Services will work with the VAL to identify the need for assistance. If funding is approved, payments will be made directly to the landlord and or utility company. The rental and utility needs of residents affected by the Happy Camp fire will also be captured.
- The College of the Siskiyou's website contains a Fire Resource List of various local agencies offering goods and services. The document can be found at http://www.siskiyous.edu/humanresources/documents/fireresourcelist.pdf. Additional information on recovery efforts can be found at https://weed.recovers.org/.
- Food donations are being accepted at 310 Boles Street.
- CalRecycle is beginning the process of contacting property owners for the removal of trees. Homeowners will be asked to sign a
 separate Disposition of Tree Agreement (DTA). No tree removal will begin on a property until the DTA is signed. Tree stumps will
 not be removed. Tree removal is slated to begin next week.
- On 10/28/14, the City of Weed reestablished water pressure to its downtown area; however, the water storage capacity for fire suppression is still lacking. The City expects water storage to be restored by 12/31/14, or sooner if the weather permits.

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Cal Recycle reports:

Air monitoring activities continue in the work area and surrounding community.

23,795.09 total tons of debris have been removed as of Day 26 of operations (445.23 tons of metal delivered for recycling; 7,827.83 tons of concrete delivered for recycling; and 15,522.03 tons of debris, ash and soil delivered for disposal)

The Numbers as of Day 26

- 133 Sites registered for the removal project (Right-of-Entry, includes library, community center and 2 churches).
- 12 Sites denied entry.
- 133 Sites documented.
- 133 Asbestos surveys completed.
- · 65 Sites with asbestos containing material.
- · 65 Sites cleared of asbestos containing material.
- · 128 Debris removal completed.
- 115 Sites sampled.
- · 22 Sample results approved.
- 0 Erosion control completed.
- 0 Approved by City of Weed as ready for a building permit.

Cal OES Deployments

• One (1) Cal OES Recovery staff is assigned.

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

- Cal OES and FEMA announced that the Major Disaster declaration for the South Napa earthquake will also include the Individuals and Households Program under the Stafford Act. This amendment makes assistance available to help homeowners and renters recover from the earthquake.
- Low-interest federal disaster loans are now available to California residents and business owners as a result of President Obama's
 major disaster declaration. The declaration covers Napa and Solano counties as a result of the South Napa Earthquake and
 aftershocks that occurred August 24 September 7, 2014.

Recovery Activities

- The deadline for Cal OES to submit the Request for Public Assistance of potential applicants to be considered for reimbursement for this event ended, 10/24/14. Fifty-nine (59) RPAs were received and nine (9) were withdrawn for a total of fifty (50) RPAs submitted to FEMA. Thirty-three (33) Kickoff Meetings have been completed. Of the Eighteen (18) PNPs that submitted applications, nine (9) were approved today. Kickoff meetings for these PNPs can now be scheduled.
- The Napa Long Term Recovery Committee (LTRC) is in the process of forming its leadership, establishing policies and procedures, and identifying a Mission statement. A follow up meeting is pending.
- Cal OES IA Voluntary Agency Liaison (VAL) continues NGO coordination in Solano County. The Vallejo Earthquake Recovery Group (VERG), a long term recovery group, has formed and has established by-laws and elected an Executive Board. United Methodist Committee on Relief (UMCOR) will provide case management training to local organizations. A representative from the Solano Community Action Partnership will contact individuals who visited the Solano Information Center to notify them of the opening of the Disaster Recovery Center (DRC).
- Local Assistance Center (LAC): County and City of Napa: LAC opened on 09/08/14 at 301 1st Street, Napa (corner of 1st Street and Silverado Trail). On October 29, 2014, FEMA and SBA provided representatives in the Napa LAC. On October 30, 2014, the Disaster Recovery Center in the City of Vallejo opened. The LAC and DRC are open until further notice. The operational hours for both centers are Monday Friday 9 AM to 6 PM; with an exception to Veteran's Day, Tuesday, 11/11/14, 10 AM 3 PM; Saturdays and Sundays 9 AM to 4 PM
- The California Small Business Development Centers (SBDCs) have partnered with SBA and are providing services at no charge to assist small businesses impacted by the disaster with financial counseling, management and technical assistance, business planning, reconstructing damaged or destroyed business records, rewriting business plans, etc.

CAL OES 2014 DROUGHT

Cal EOC Incident - 2014 Drought

- The SOC and Inland REOC are activated at Level 2 in support of the Drought State of Emergency Monday through Friday, from 0800-1700 hours.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
